This large antique fireplace in weathered by time stone is a reclaimed hand-carved in limestone mantel dating from the 19th century bearing the rustic charm of yesteryear. It features a pair of straight jambs decorated with an opulent molding inside the hearth and a large monolithic lintel also molded and animated by a star hand-sculpted in relief in the middle. This unique model shows some restorations.

Height 117 cm

Width 168 cm

Depth 62 cm

- Hearth opening: L 133 cm x H 94 cm
