Antique stone fireplaces and mantels

XIXth and XXth Centuries

Antique molded mantel in Jaumont stone (19th Century - Eastern France)

This large antique mantel dating from the 19th century was hand-carved in Eastern France (Lorraine) from beautiful golden natural limestone, the stone of Jaumont. This fireplace features two thick and sturdy jambs carved with fluting and a lintel that acts as a shelf. An opulent molding emphasizes the hearth line. A unique model.
