Wall fountains with monolithic troughs

Garden wall fountain with antique trough in stone

This weathered natural stone garden fountain is a rather petite wall fountain featuring an old massive trough in stone as basin and a rounded-at-the-top stone pediment. A round wrought iron bucket-rest bar and a forged metallic water spout nicely complement this small decorative fountain.

Height	115 cm
Width	47 cm
Depth	72 cm

- Basin's height : 42cm

Price
1810 €
