Wall fountain with exceptional hand-sculpted pediment

This wall fountain crafted with antique weathered-by-time stones is a beautifully decorated garden fountain designed to be placed against a wall. It is featuring elegant moldings and sculpted egg-and-dart motifs. Two small stone vases flank the pediment. The rectangular basin is formed of massive and straight stones. The copings are wide and molded. The slender and elegant pediment is fitted with an antique wrought-iron water spout.
