Wall fountain in stone with long basin fitted with wash-house like copings

This elegant wall fountain in weathered stone features a long rectangular basin and a narrow yet beautifully sculpted pediment. The large basin is enhanced by beautiful and thick inclined stone copings (carved to look like wash-house curb stones). The pediment is sculpted with a molded plastron and fitted with an old cast-iron water spout. Beautiful natural patina of time.

Height	166 cm
Width	122 cm
Depth	192 cm

- Basin's height : 55 cm

Price

5020 €
