

Octagonal basin with massive ball on base in weathered stone

This garden fountain is hand-crafted in our stone cutting atelier with authentic reclaimed old stones. The octagonal basin is made of massive straight stone slabs topped by large and thick curb stones. In its center, a large ball seats on a finely sculpted octagonal pedestal. This original centerpiece works as the water outlet (water gushes out the top of the ball). The stones bear a superb natural patina of time.

Height 100 cm

Width 290 cm

Depth 290 cm

- Basin's height : 50 cm - Base : L 60 cm x D 60 cm x H 50 cm + ball of 50 cm diameter

Price

5490 €
