Wall fountain in weathered stones with colonnaded pediment and sculpted rosette

This wall fountain is an artisanal composition crafted with authentic reclaimed stones beautifully patinated by time. A rather high fitted basin is topped by beautiful and thick molded copings. The slender pediment in stone is decorated with 2 columns and a hand-sculpted rosette. This charming water feature is sold with its antique wrought iron water spout.

Height	170 cm
Width	147 cm
Depth	120 cm

- Basin's height : 59 cm

Price

4150 €
