

## Wall fountain in weathered stones with colonnaded pediment and sculpted rosette

This wall fountain is an artisanal composition made with authentic reclaimed stones beautifully patinated by time. A rather high fitted basin is topped by beautiful and thick molded copings. The slender pediment in stone is decorated with 2 columns and a hand-sculpted rosette. This unique model is sold with its antique wrought iron water spout.

Height 170 cm  
Width 147 cm  
Depth 120 cm

- Basin's height : 59 cm
