Small & medium-sizes wall-fountains

Wall fountain in weathered-by-time natural stones

This wall fountain in weathered by time stones is an artisanal creation and a unique water feature. It features a stonework rectangular basin fitted with beautiful and thick flat copings. The slender pediment is animated by 2 columns and is flanked by a pair of corbels. The imposing yet refined large curved cornice is finely hand-molded. This garden fountain is sold with its wrought iron water spout.

Height	200 cm
Width	185 cm
Depth	128 cm

- Basin's height : 49 cm

Price

4780 €
