Old stone fountain with narrow pediment and low basin

This charming wall fountain is a unique water feature of small size hand-crafted in Provence using beautifully weathered-by-time reclaimed old stones. It features a fairly low rectangular basin made of large and thick stones, and a narrow pediment sculpted with fine moldings at the base and on the capital. This fountain is sold with an antique wrought-iron water spout and a pair of metallic bucket-rest bars.

Height	105 cm
Width	115 cm
Depth	90 cm

- Basin's height : 30 cm

Price

3500 €
