Antique long sink resting on legs made of stone with rustic charm

This beautiful artisanal creation in reclaimed materials includes a long stone trough as a kitchen sink. This ancient trough rests on a pair of jambs and is highlighted by a small mono-block stone pediment. Various wrought iron elements (drip tray, towel hook, soap dish and ancient faucet) as well as a small stone shelf complete this summer kitchen. A unique piece !

Height	145 cm
Width	170 cm
