

Bell tower made of weathered stones and its beautiful old bell

This elegant bell tower is a unique and artisanal creation architectural element composed of beautiful reclaimed natural stones patinated by time and an antique small bronze bell. It is very harmonious thanks to its slender shape, its hand-sculpted flame on the top and its beautiful sculptures. The small bronze bell in the center of the niche is equipped with its wooden "mouton", its hammer and a long chains allowing to actuate it.
